

## West Felton CE Primary School

### PE and Sports Grant

#### Purpose of Funding

All schools in England have been allocated funding to enable them to improve the provision of PE and Sport. At West Felton CE Primary, we want to be able to provide the following:

- increase the provision and the range of opportunities available for high quality PE and Sport; within the curriculum and out of school hours, to be sustained.
- ensure that the provision is challenging and appropriate and that support mechanisms are in place to allow all children to reach their full potential.
- improve the levels of progress in PE for all children.
- create effective networks and partnerships with other schools and our feeder Secondary School.
- to upskill staff using high quality sports coaches.
- ensure that provision is fully inclusive, engaging, innovative, inspiring and specifically tailored to meet future aspirations.

#### Possible uses of the funding could include:

- hiring specialist PE teachers and qualified sports coaches to work with all staff responsible for teaching PE and provide school sport clubs
- contributing, along with cluster primary schools, to pay for the head of PE at the Secondary feeder school, to coordinate tournaments, etc.
- providing cover to release teachers to attend courses and PE network meetings.
- hiring the village Hall/ swimming pool to accommodate a class of children for gymnastics, dance and swimming
- hiring transport to enable children to attend tournaments, etc.
